

Technical drawing of a bridge cross-section. The main structure is a large rectangular pier with a sloped right side. The top width of the pier is 159.59 m. The base width of the pier is 152.00 m. On top of the pier, there is a bridge deck. The deck has a top width of 159.85 m and a base width of 159.05 m. The deck is supported by a central pier and has a slope of 1:2 on the right side. The drawing includes various dimension lines and labels for the different parts of the structure.
